

Welcome!

I hope you enjoy your stay here! While here, please don't hesitate to contact me with any questions, concerns or curiosities. Below is some info about my home and about Lawrence to help you feel at ease. I am here to help make your stay in Lawrence as pleasant as possible so feel free to reach out!

This home is my primary residence so I hope that you will treat it with the care and respect you would your own home. *Be kind, be careful, and please be honest.* Thank you!

FIRST AID

A stocked first aid kit is located in the cabinet in the bathroom.

KITCHEN

Although the counter tops are butcher block, do not cut directly on the kitchen counters. Always use cutting boards, several of which are located in the cabinet to the right of the oven.

Help yourself to cooking staples to help you with your cooking needs. I just ask that if a substantial amount is used or an item is depleted, please replace it.

BEDROOM/BATHROOM

Additional bed linens and towels are located in the closet in the hallway outside of the bathroom. Feel free to use any of the items on the guest shelf. Soiled items may be placed down the laundry chute in the bathroom.

LIVING ROOM

The Roku smart TV is pre-programmed with most of the common streaming services—Netflix, HBO Max, Hulu, Prime, and YouTube. Feel free to log into your accounts. Please log out before checkout. Games/puzzles are located in the cabinets on either side of the TV.

The twinkly lights draped around the room are activated by an automatic timer to come on around 7am and turn off around 10 pm. Feel free to manually turn them on or off with the timer's toggle switch which is located on the floor to the right of the TV.

HEAT + A/C

There is central heat and air conditioning in the home. Each system has its own thermostat. The **heat thermostat** is located just outside of the bathroom. The **A/C thermostat** is located behind the door in the dining room.

PATIO

Cushions for the patio furniture are stored in the closet in the alcove at the far end of the living room. Please ensure that furniture covers are used to protect cushions from the elements if left out. Please place cushions back in the closet before checking out.

GRILL

The grill is located around the north side of the house outside of the kitchen. To operate, slowly unscrew the cap to the propane tank to open fully. To ignite the grill, turn the gas on with the dial and press the ignition button to light. Ensure the flame ignites before igniting other burners. When finished, be sure to close the propane tank valve for safety.

TRASH/RECYCLING

Trash/recycling bins are located behind the house in the alley. We recycle paper, cardboard, plastics and glass all in one bin.

MOJO THE CAT

When I rent out the house, my cat Mojo remains upstairs which is inaccessible to guests. From time to time you may hear him moving about up there. Do not be alarmed. And, worry not, he is a cat who prefers to be on his own and has plenty of automatically dispensed food and water to keep him well nourished and hydrated.

A Little Lawrence Flavor

Ask me to share the [Google Map](#) where all of these locations are pinned!
